

Christopher Eric Crain

Preferred Name: [Eric](#) | [\(He/Him\)](#)

Junior Web Developer

4042 Wonder Dr, Chattanooga, TN 37412 | [\(901\) 692-8781](#) | ericcrain77@gmail.com

Summary:

Highly motivated Entry level Junior Web Developer with excellent work ethic. Dedicated to writing clear, concise, functional code. Exposure to agile/scrum methodologies. While my background is not in coding, I am highly teachable and willing to strengthen the skills I have already attained through Vanderbilt's 24-week coding bootcamp. Excited to begin a career as a Junior Web Developer!

Basic Developer Skills:

Programming Languages: HTML, CSS, JavaScript, SQL, NoSQL

Operating Systems: MacOS, Windows

Database Tools: MySQL, MongoDB

Web Development: JS (Bootstrap, jQuery, Node, Express, React), HTML, CSS, JSON

Development Tools: Git, Github

Feature Tracking: Monday.com

Daily Check-Ins: Range.com

Code Testing: Jest

Text Editor: Visual Studio Code

Workplace Skills:

Excellent Communication, Problem Solving, Time Management, Self-Motivated, Organized, Reliable, Team Player

Education:

Full Stack Web Developer Bootcamp | Certificate of Completion | Vanderbilt University

August 2021 – January 2022

Health and Human Performance | Bachelor of Science | The University of Tennessee at Chattanooga

Job History:

ChiroUp, Inc

Junior Web Developer

March 2022 – May 2022

Collaborated with the development team to improve and add features (created React modals, adjusted formatting for copied and printed versions of intake data, added functionality to patient forms/surveys to be sent to patients) for the Beta version of the ChiroUp application (an evidence-based web application for Chiropractic clinics to use as way to diagnose patients, prescribe therapeutic exercises, and market outcomes.)

Swafford Nursery, Inc

Shipping Manager

May 2020 – March 2022

Coordinated the shipping and receiving of large quantities of potted plants and related products across TN, GA, AL, KY, OH, NC, OR, MI

Center for Sports Medicine and Orthopaedics

Physical Therapy Technician

November 2014 – May 2020

Managed patients through their therapeutic exercises in preparation to see the Physical Therapist, as well as scheduled future appointments and new patient appointments
